Onboarding

Welcome to the Onboarding section.

> **Note:** We're still working on expanding this page. Additional content will be available soon.

As part of our onboarding process, we carry out supplier vetting for all suppliers. For sales to public-sector buyers, additional requirements apply regarding integrity, ethics and regulatory standards. After the initial vetting, we request an annual confirmation to ensure that the information provided remains correct and up to date. In our FAQs, you can find answers to frequently asked questions about this process.
