Return policy

You can view the return conditions per supplier by clicking on the drop-down button and selecting 'Show return' to view the product return policy per supplier.

Additionally, the return conditions per selected supplier are also shown at the end of the product information page under 'Rights to return this item'.

Rights to return this item: 2380 South East MK9

This item is excluded from cancellation, exchange or return.
The Terms and Conditions state that the warranty period continues regardless of the return rights stated.

The difference between a return request and a return claim

- Return request:** This applies when you order an item by mistake or change your mind about the item. Since business customers are not entitled to a general right of return, we'll request goodwill from the supplier in such cases. To support this process, please ensure the original packaging remains unopened and submit a return request via our returns form as soon as possible.
- Return claim:** This is a return based on legal grounds. It may happen that you receive an incorrect, damaged, faulty or incomplete item by accident. In this case, we'll handle the entire process and clarify any warranty or guarantee

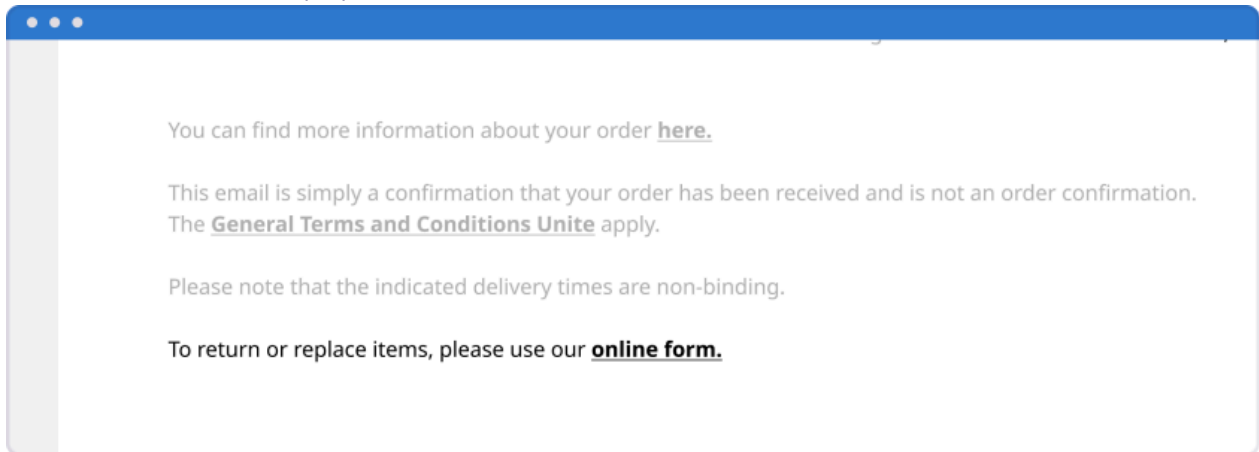

claims.
