Answers to your questions

Here are a few frequently asked questions to guide you on your journey with Unite. Click on the links in each section for more detailed information.

How do I search for an item?

Learn how to use Unite's search function to find items quickly and easily, and how to filter and sort results to find the right product.

Read more about how to search on Unite

How do I place an order?

Learn how simple it is to place an order on Unite and use the Smart Basket feature.

What is Smart Basket?

Smart Basket checks whether your basket is available at a lower price, with faster delivery or in fewer deliveries. You can select Unite's recommendation (the best combination of lowest price, fast delivery, and fewer deliveries), choose fastest delivery or best price, or keep your original basket unchanged.

Read more about Smart Basket

What should I do if I need to return an item?

If you need to return an item, please check the returns policy and requirements for your order. The Returns and claims

section explains what to do and how to submit a return request or a return claim.

How can I track my order?

If the supplier provides a tracking number, you'll receive a shipping confirmation email containing delivery details.
