Unite

Value added. Value shared.

Purchasing

Everything you need to know about purchasing on Unite, from finding items and placing an order to delivery, invoicing and returns.

Unite makes purchasing simple: You add items to your basket and place the order, while Unite takes care of the rest. Coordinating with suppliers, handling invoicing and payment and providing customer service. With Unite as your single point of contact, you benefit from a simple process and support in your local language.

How Unite works

Here's a quick introduction video explaining how Unite works and how to browse the wide selection of products.
