Account and configurations

Welcome to your Unite account.

Do you want to manage your profile and account?

In profile and account management, you'll learn how to register on Unite and log in to your account, update your profile information, change your password, deactivate your account and set up substitutes in your absence.

Do you want to manage your organisation settings?

Set up and manage your organisation settings: Learn how to manage users, assign views to BusinessShops, manage finances, addresses, cost centres and cost types, and configure global purchasing rules.

Are you accessing Unite through the web?

Unite lets you easily set up user management and approval workflows.

Are you integrating Unite with your own system?

Get all the information you need to integrate Unite with your system (PunchOut).

Do you want to automate document exchange via EDI?

Unite's EDI interfaces enable automated, system-to-system data exchange for procurement documents such as orders and invoices. Learn which interfaces are available, how to configure them, and which formats, transport protocols, and

documents are supported.
